Prof. Brooks made a characteristic Populist speech in the Park Monday night. He began by telling the people that no country in the world had developed so rapidly in the last twenty-five years as had the United States and wound up by making out that the people were paupers, and that the financial system alone was responsible for it. He said the people were well clothed, well fed, had buggies, carriages and bicycles, and that to continue these luxuries they must have cheaper money. He favored fiat paper as the real panacea for the people's ills.

In the two plants in Armstrong county, Penna., 2500 men are employed and there is not a single vote for Bryan among them. "I consider it my duty," says Mr. F. Z. Dias, of San Diego, Texas, "to certify that Ayer's Pills have completely relieved my wife of neuralgia, from which complaint she was, for a long time, a great sufferer." They are easy to take and always effective.

Try Fout & McChesney's dustless oils on your kitchen floors, and see how much labor it saves the house keeper during warm weather.

There is nothing to prevent anyone concocting a mixture and calling it "sarsaparilla," and there is nothing to prevent anyone spending good money testing the stuff; but prudent people, who wish to be sure of their remedy, take only Ayer's Sarsaparilla, and so get cured.

The cyclone season is here: call on Thatcher for cheap and reliable cyclone insurance.

Dr. A. P. Sawyer—Being troubled considerably with neuralgia, and was advised by friends of mine to use your Family Cure which I have given a trial, has greatly improved my health. I give you permission to publish my name in any of your circulars Yours Truly A. C. Schant, New London, Wis.

EXCELSIOR SLATE ROOF PAINT.

Why not make your roofs last a life-time, and save the expense of a new roof every five or ten years. It can be done with even less expense and care than you bestow on your sidings, because our roofing material costs less. If you are careful to use genuine Slate Paint, and have it thoroughly applied, it will resist the effects of water and wind.

FROM THOSE WHO KNOW.  
KIRKSVILLE, MO. APRIL 1, 1895.  
Excelsior Slate Paint is all right. I have my roofs painted with it and it is the best paint I have ever put on them.

A. P. Willard, S. M. Pickler,  
L. C. Sigler, J. F. Whitacre,  
S. M. Link, A. Patterson

F. M. Buckingham.  
Excelsior Slate Paint is better than any other paint. Why? On tin roofs it makes an even, smooth body; does not crack or curl. On shingles it goes up under the ends and sides one-half inch or more and goes in the wood making it as hard as slate, which no other paint will do. Paint guaranteed to stand on tin roof three years, on shingle roofs five years.

If a roof does not stand and needs painting, I will repaint it free of charge. C. F. FRAZER, Kirksville, Mo.
